Sponsorship & Exhibition Prospectus

Dear Colleagues,

We are honoured to organize, in Cesme, Izmir between April 27-30 2013, the second European Congress for Bronchology and Interventional Pulmonology under the auspices of the European Association for Bronchology and Interventional Pulmonology (EABIP), and Turkish Respiratory Society (TRS).

A very high level international scientific committee will assist us to organize and build an interesting program (cf. joined document). This event will certainly be a success according to multiple requests and growing enthusiasm and passion (many Europeans and north-African countries already replied).

We guess the audience will reach about 500 professors and practitioners for the four days of this event.

With best wishes,

Felix Herth
EABIP President

Chris Bolliger **Benan Caglayan**
